- Our membership is cost-effective, and you are a part of a New Jersey nursing organization where our focus is on you, the NJ Nurse
- Become a part of the longest running nursing organization in New Jersey and help shape our next 105 years of nursing together!

A Unique Organization

The NJLN is the only organization in New Jersey in which registered nurses, licensed practical nurses, health care providers, nursing educators and consumers meet on common ground. The Board of Directors proudly consists of members representing and supporting all levels of nursing from communities throughout the State of New Jersey.

Our Mission

The New Jersey League for Nursing (NJLN) supports and implements the mission of the National League for Nursing to promote excellence in nursing education and build a strong and diverse nursing workforce to advance the health of our state, nation, and the global community. And to share best practices and experiences as an active member in health care.

The NJLN gives an equal and respected voice to all those who are involved in, or are the recipients of healthcare, and publicly acknowledges those individuals and agencies that serve as role models of nursing excellence.

The NJLN advances nursing education through continuing education programs for nursing faculty and practicing nurses and offers scholarships for all levels of nursing education. Whether you are an individual or affiliated with supporting health care or education in a company or learning facility, the NJLN has a place for you!

Our Philosophy

The New Jersey League for Nursing believes in the professional advancement of nursing education and practice through programs and opportunities that address the needs of students, educators and practicing nurses in a rapidly changing health care environment. We believe in the importance of promoting collaboration and forming partnerships. The NJLN also believes that we must continue to positively promote nursing through education, scholarships, and public recognition of nursing excellence. The NJLN Community of Nurses is stronger together. Come be a part of it!

The NJLN is a diverse and inclusive organization representing all facets of nursing. Our focus is on supporting excellence in education, information exchange and networking, mentoring and leadership, all while promoting the positive image of nursing through recognition.

We invite you to join an organization that believes healthcare needs can best be met through a strong collaboration of practicing nurses, nursing students, nurse educators, companies, and consumers.

Become a Member...

We are diverse and inclusive and welcome all nurses, nurse educators, nursing students, health care professionals, education facilities, health care institutions, consumers, and corporations to join our organization.
