

NJLN Nurse Recognition Event Committee

Members of the Nurse Recognition Event Committee are a part of the annual planning, management, and execution of the NJLN recognition, scholarship awards and fundraising event. This Committee creatively defines the theme, seeks donations for raffles, promotes, and markets the event, identifies sponsors, ticket sales and manages and executes all aspects of the program. This event is held each Fall. Volunteer time required: Moderate early in the planning and heavier as the event approaches. Approximately 5 committee meetings or video conference calls, and adhoc calls as needed. Must be available to attend the Nurse Recognition Event for on-site support or virtual attendance, depending on the type of event planned.
